## Professional Summary

Results-driven Quality Control Supervisor with proven expertise in pharmaceutical analysis, GMP compliance, and team leadership. Skilled in method validation, process improvement, and regulatory audits, with extensive experience in HPLC, GC, UV, and dissolution testing. Adept at using Minitab and Lean Six Sigma tools to enhance operational efficiency and ensure data integrity. Passionate about driving quality excellence, mentoring QC teams, and supporting global pharmaceutical manufacturing standards.

## Professional Experience

### Eva Pharma – Giza, Egypt

#### Quality Control Supervisor | Jun 2025 – Present

- Supervise QC team handling EU export products, ensuring 100% compliance with GMP and regulatory requirements.
- Streamlined trend analysis using Minitab, reducing analysis reporting time by 30%.
- Enhanced troubleshooting efficiency of Agilent & Waters HPLC/GC systems, cutting downtime by 25%.
- Coordinated method transfers from R&D to QC, accelerating product launch timelines.
- Co-led facility and process validation projects, securing zero critical findings during audits.

#### Senior Quality Control Specialist | Jun 2023 – Jun 2025

- Conducted chemical testing of solid, liquid, sterile, and semi-solid dosage forms, ensuring batch release accuracy.
- Trained and mentored new analysts on analytical techniques and GMP compliance, improving team competency by 20%.
- Supported root cause analysis and CAPA, contributing to a 15% reduction in recurring deviations.

#### Quality Control Specialist | Mar 2022 – Jun 2023

- Performed QC analysis of raw materials, bulk, and finished products across multiple dosage forms (solid, semi-solid, ODF, patches, syrups, sterile).
- Assisted in implementing data integrity measures to meet international regulatory standards.

## **Mash Premiere Pharmaceuticals & Cosmetics – Cairo, Egypt**

### **Quality Control Specialist | Mar 2021 – Mar 2022**

- Executed QC testing for pharmaceutical and cosmetic dosage forms.
- Ensured timely and compliant release of batches, contributing to uninterrupted production schedules.
- Performed QC analysis of raw materials, bulk, and finished products across multiple dosage forms (solid, semi-solid, syrups).

## **Education**

Bachelor of Science – Chemistry & Biochemistry  
Ain Shams University, Cairo – Class of 2020  
Grade: Excellent with Honors

## **Certifications**

- Lean Six Sigma Green Belt
- Project Management
- Risk Management
- Operational Excellence Foundations
- Business Analysis Foundations
- Minitab for Statistical Analysis

## **Core Competencies**

- GMP & Data Integrity Compliance
- Method Validation & Transfer
- Analytical Instrumentation (HPLC, GC, UV, Dissolution, Disintegration, Hardness, Friability)
- Root Cause Analysis & CAPA
- Statistical Data Analysis (Minitab, Excel Advanced)
- Quality Risk Management
- Regulatory Audit Preparation

## **Leadership & Soft Skills**

- Team Leadership & Staff Training
- Continuous Improvement Mindset
- Time & Priority Management
- Strategic Problem-Solving
- Cross-Functional Collaboration
- Strong Communication & Negotiation

## Languages

Arabic: Native

English: Fluent (Speaking, Writing, Listening)

## Personal Information

Date of Birth: 15 July 1998
